

LABOR DAY

Celberation

Labor Day Celebration Monday, Tuesday and Wednesday, September 5-7, 1921, at Krebs. All Labor Organizations will be represented with as many representatives as possible from each adjoining county. The Farmers are especially invited, in fact everybody is expected to attend this CELEBRATION. Arrangements have been made to have some of the best speakers on organized labor present and they will make speeches that interest every branch of labor throughout the country.

The place selected is at the Krebs ball park, the old race track is being put in condition for racing and there will be music from 5 of the best bands in the state, all kinds of amusement will be had, steam swings, carnivals, shows, horse racing, foot racing, roping contests, ball games. There will be the best ball teams on the ground that the country affords, and will cope for the championship, every thing is being arranged for the big event. Plenty of ice water will be furnished on the ground free for all. There will be plenty of refreshments of all kinds. Ice cream, lemonade, soda-pop and every thing that is good to eat. Barbequed meats, break, cake and pie. There will be nothing left off, that will tend to make this the biggest and best celebration and gathering pulled off in the entire State of Oklahoma, and if you fail to be present, you will miss the enjoyment of your life. A fireworks on the last night, will be the best that has been shown for many years—Unless to say, but the best of order will be had.

The Oklahoma State Fair and Expedition.

Emerson and His Flying Circus. Plenty of thrill will be given to those who attend the fifteenth annual Oklahoma State Fair and Exposition at Oklahoma City from September 24 to Oct. 1, by Lieut. Emerson and his Flying Circus. Lieut. Emerson is the originator of looping the loop while standing erect on top of an aeroplane. He will also thrill the audience with acrobatic wing walking, changing planes in mid-air while traveling at the rate of eighty miles an hour as well as make a spectacular parachute leap from a speeding aeroplane at an altitude of 2000 feet. For the night performance there will be spectacular fireworks from the air, consisting of loops and spins.

You Know These Tires Will Not Skid

There's a sense of security in motoring on the unusually non-skid Horse-Shoe Cord. You know your tires will not skid even when you turn corners at 20 miles an hour on and slippery pavements.

Each little shoe in the Horse-Shoe tread forms a near-vacuum that takes hold of the road with a stubborn grip which is as effective as tire chains.

Then there is the satisfaction of knowing that wider tread of this tire gives longer life by wearing down slowly and evenly, making your tire cost a mile surprisingly low.

We shall be glad to prove to you by actual tests Horse-Shoe Tire is the safest and most economical tire local motorists can buy.
